DTS : Competition rifles feature a DTS-type adjustable stock with micrometric adjustment. This allows the shooter to make the most precise adjustments: "an excellent way to achieve the sole objective: breaking the clays!!"

The new Caesar Guerini Summit Ascent brings together everything you could expect from a modern sporting shotgun!

The 10mm ventilated sighting rib is designed for a 50/50 point of impact, allowing for an upright shooting position and improved visibility.

The stock includes the adjustable DTS cheek rest to best suit the physique of all shooters. The weights of the stock and barrels are calculated for perfect shotgun balance.

These features and many other strengths make the Summit Ascent a rifle that takes sport shooting to an unprecedented level.

All Summit rifles share the following common characteristics:

- Adjustable trigger position
- Supplied with 8 external chokes:
 - Maxischoke Competition in 12 gauge
 - Selectachoke Competition in caliber 20
- Delivered in a professional ABS case
