Engineered for competition precision

The **GECO 9x19mm JHP** is designed for targeted sport shooting: its front cavity redistributes mass towards the rear of the projectile, promoting stability and accuracy at medium ranges. The jacketing improves feeding reliability, even in recent semi-automatic pistols.

Controlled ballistic performance

With an initial velocity of 370 m/s generating 513 J, this ammunition offers constant power over distance and optimal shooting control.

- **At 0 m (mouth):** 370 m/s - 513 J
- **At 10 m:** 355 m/s - 472 J
- **At 25 m:** 335 m/s - 422 J

- **At 50 m:** 319 m/s - 407 J

Suitable for modern sport shooters

Manufactured to GECO standards, this cartridge combines high-quality components, rigorous testing, and reliable performance. Perfect for precision shooting in the range within a regulatory framework.
